**THE PURPOSE OF THE FRIENDS OF THE BOYNE RIVER IS TO IMPROVE
AND CONSERVE THE ENVIRONMENTAL HEALTH AND RECREATIONAL
QUALITY OF THE BOYNE RIVER AND ITS WATERSHED**

Spring 2013 President's Message

Seems like spring has been a long time coming! However, the official high temperature Saturday was sixty-nine degrees and my thermometer registered seventy-one. Boyne Mountain has been open for the last two weekends but I have also heard reports of some morels popping up and the Steelhead are running in the Boyne River. So I will welcome spring!

In addition to our monthly programs, Friends of the Boyne River have planned several activities for 2013. We look forward to the completion of The Boyne River Nature Area along with some maintenance on our Old City Park Gardens. Additionally, we are looking at further improving the river bank to reduce erosion from the Boyne Mountain Dam to Dam Road.

We also have the pleasure to welcome Gary Osterbeck as the editor of our Boyne River Bulletin. Gary will need lots of content for each issue, so any contributions are welcome.

See you on the river,

Carl
